The District provides services to the public and equal employment opportunities to all qualified persons without regard to race, religion, color, sex, sexual orientation, gender identity, national origin, mental or physical disability, marital status, age, or other protected status or activity in accordance with applicable law. We make employment decisions based on our evaluation of an individual's qualifications, ability and contribution to the success of the District.

## **Please join us for this multi-media informational forum!**

The day will be filled introducing you to Pacific Northwest Agroforestry and Woodland Practices. It is not just about growing trees. It is so much more!!!! We have prepared a day of short presentations, videos, and photo tours related to agroforestry, woodland management, riparian buffers and ecological conservation. We will also share with you several resources to inspire and improve your knowledge on agroforestry and woodland management.
